

# We look forward to your continued support in 2026

The nine of us took over the operation and management of JAZZ Kissa Eigakan in April of last year. Despite being beginner in both jazz and the cafe business, we've somehow managed to make it to 2026.

Perhaps it's our strength as amateurs that has allowed us to just give it a go, so we organized special days for Coltrane, Miles Davis, and Africa Day, held an event at the end of the month, and even managed to hold our first live performance on December 21st.

We'd like to continue doing all sorts of things in 2026 as well. We hope you will continue to support us in 2026.

**1.23** (fri) 16:00~22:00 (business as usual)  
Masahiro Yoshida select Japanese Jazz

## ● "JAZZ Kissa Eigakan" Introduction

Started in 1978 in Hakusanshita by owner Yoshida as a cafe that screened movies.

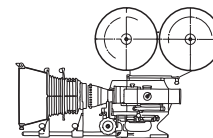

In 1983 it moved to its current location, where owner Yoshida made sound equipment by himself and shifted its focus to being a cafe where you can listen to jazz.

It is believed that there are currently over 3,000 records in the collection.

As the name "JAZZ & somethin' else" suggests, it is not just a place to listen to jazz, but also hosts live performances, screenings, talk events, and more, and hopes to continue to be a place to disseminate culture.
